

Model 4100

12" B/W CCTV
Monitor w/ Audio

At the heart of any high quality observation system is the monitor. The Piczel 4100 has 1,000 lines of resolution (at center) for a clear, crisp image. Audio in, looping audio and video, selectable impedance, automatic PAL/NTSC and a global free voltage power supply (100-240VAC, 50/60 Hz) make the 4100 the professionals choice.

4100 Features

- Steel cabinet 12" B/W CRT
- Automatic detection of NTSC or PAL video signals for global applications
- 1,000 lines of resolution at center
- Video input signal: 1 Vp-p composite video
- Scanning system: EIA 525 lines, 60 fields/sec.
- Audio input with rotary control
- Audio and video looping outputs
- Switchable input impedance
- Power requirements 100 to 240VAC 50/60Hz
- Power consumption: 30 W
- Monitor weight: 23 lbs
- Dimensions: 13"D x 12.5"W x 12"H
